# JUMP JUMP

by Suchon Chatavaraha 6130577521

This game is similar to Dinosaur jumping game in Google Chrome when you have no connection. Playing is easy just jump to avoid colliding with obstacle that will come towards you with increasing rate every 100 point. JUMPJUMP can be divided in to 3 main parts
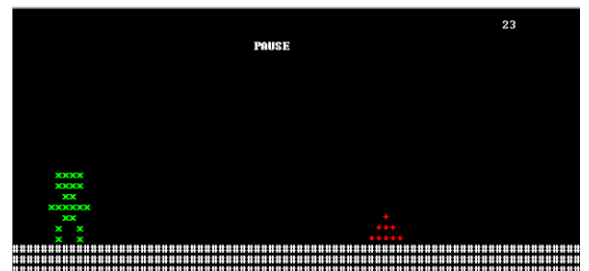

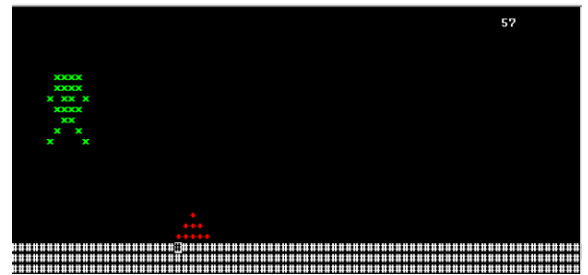

1. Start Screen
- Display welcoming message
- Prompt user to press Enter
- Display tutorials on bottom-left corner
- Screen will be set to 80x25 automatically

2. Playing Screen
- Press Space Bar to jump
- Score is displayed on top-right corner
- Press P to pause the game
- Every 100 point obstacle's speed will increase

3. End Screen
- Display accumulated score
- Press Enter to play again

Baud rate 921600

Take input with UART Interrupt

80x25 character size (automatically set by program)
